submitted by the Trending Reading Reference Educational Supplies Trading (TRREST) for the Improvement of Libraries of the 27 Elementary

Schools of Indang, Cavite in the agenda of the Local School Board (LSB).

TRREST Vice President for Operations Jose Alex Masbaño, together with Cavite Manager Domingo B. Caoile, and Project Coordinator Dr. Antonio G. Papa, demonstrated the usage of the educational interactive learning resource materials titled "Growing Up–Speaking English" during the LSB meeting held at the Indang Municipal Hall on January 27, 2026.

The usage of the books is through the aid of a Smart talking pen, and these books are suited for Kindergarten and Primary–Grades 1 to 3 pupils.

The educational learning resource materials, composed of 20 volumes of books with full colors illustration and with 98 topics, are solely distributed by TRREST based at the City of Sto. Tomas, Batangas.

Likewise, the "Brain Talking Mathematics and Brain Talking Science" were also introduced to the

group, intended for Elementary–Grades 4 to 6 pupils. VP Masbaño emphasized that the pupils nowadays are bright in these areas of their studies, however, lack of comprehension on the instructions, which the books could readily solve for such problem.

According to Indang I District Supervisor Dr. Amelita Peñalba, and Indang District II Supervisor Ester Papa-Salamatin, they decided already to avail of the learning resource materials since these could boost, not only, their respective library holdings, but also, the status of their pupils as far as reading comprehension is concerned.

Meanwhile, Indang General Services Office Head Mary Ann S. Bernarte, the presiding officer of the LSB meeting, said that "at present, the allocated budget for the procurement of educational materials for the three Indang Public School Districts is insufficient compared to the total cost of the proposed project.

However, through the Offices of the Mayor and the Sangguniang Bayan, they will try to still propose the budget for the purpose, subject to the approval of Sangguniang Panlalawigan of Cavite."

The proposed project is in support of Mayor Fidel's concern for the education of the youth of Indang, Cavite.

Archangelo "SM" Matro ang nag-abot ng nabanggit na koleksiyon upang tiyakin na direktang napupunta sa ingat-yaman ng bayan ang lahat ng nalilikom na pondo.

Ayon sa alkalde, naging maayos ang koleksiyon at sistema ng pananalapi ng palengke matapos alisin ang mga mga kawaning sangkot sa katiwalian.

Bunga ng repormang ipinatupad ni Mayor Matro, tumaas ang koleksiyon mula sa dating P20,000–P30,000 kada buwan.

Sa kasalukuyan, humigit-kumulang P120,000 ang buwanang koleksyon.

Ayon kay Matro, ang mataas na koleksiyon ay bunga ng masigasig na kampanya laban sa korapsyon at ng tapat na serbisyo para sa mga Tanzeño.

Imbestigahan si Tarriela!

Ayan, nagka-kagulo na, kasi itong PCG spokesperson Commodore Jay Tarriela, masyado raw – ito ang sabi ng maraming netizen – madaldal, taklesa.

Okay na sana yung pagpapakita niya sa madlangbayan tungkol sa paniniwala niya ay panggigipit ng mga Chinese vessels sa ating local fishermen, pero yung gawin niyang katatawanan ang mukha ni Chinese President Xi Jinping, sobra na ito.

Kaya nag-react ang Chinese ambassador at ito naman ating Sen. Erwin Tulfo, bumanat agad ng kanyang "Get the f*ck out" sa China, wow!

At ang matindi, sinabihan ang diplomacy team ng China na lumayas daw sa Pilipinas, at si Senate President Tito Sotto, aba, dinagdagan pa, gusto ay magpasa ng resolusyon na persona non grata ang mga Chinese diplomats.

Tama na ipaglaban natin ang ating sovereignty, wag nating payagan na makuha ng China ang ating teritoryo sa West Philippine Sea, pero wag idaan sa astang maton at parang away kanto.

Itong si Tarriela ang nag-umpisa nito, kaya dapat na ipatawag ito ng Senado, imbestigahan kasi, hindi tama ang kabastusan nag inawa niya sa lider ng China.

Teka, handa ba tayo na kumalas na sa relasyong ekonomya, diplomatiko at iba pang ugnayan sa China?

Delikado ito, malaking epekto sa human cost, kasi, ayon sa ating research, mahigit sa 500,000 ang mga kababayan natin sa Greater China, kasama ang mga OFWs sa Hong Kong at Macau.

Paano kung totohanin ng China na isara ang kanilang embassy sa atin, ano ang mangyayari sa ating mga kababayan … mass exodus ang pag-uwi niya sa bansa.

PCG spokesperson Tarriela

Sen. Tulfo

Sen. Sotto

Malaking krisis ito, Tarriela, Tulfo, Sotto!

Eto pa, maraming farmers natin ang magugutom, kasi napakalaki ng iniimport na saging, pinya, nickel at iba pa sa ating bansa at bilyones pesos ang pandagdag sa pondo ng gobyerno.

Paano ang iniimport nating produkto mula sa China, ang estimate, $2.9 billion worth of goods tulad ng mga gamit sa konstruksiyon, semento, bakal, damit, gadgets, at marami pang iba.

At tambak ang foreign debrt natin sa China, at tandaan nyo, mara ming infrastructure natin na ginawa ang China na sila ang gumastos at wala tayong inambag sa paggawa niyon.

Yung kailan lang na binuksang Bucana Bridge sa Davao City, free iyon, Chinese engineers, expertise niya, materyales nila ang ginamit na hindi nag-ambag kahit sinkong duling ang ating gobyerno.

Puro kasi tayo pasikat, at ano ang akala ng maraming taong gobyerno, kapag nagkagiyera, kaya ba natin ang puwersa militar ng China?

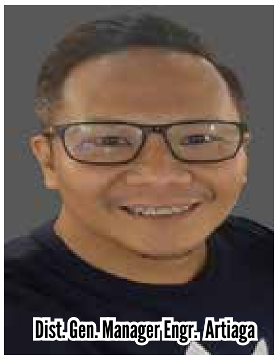
System ng DWD, inaayos na po!

"Pasensiya na po. Humihingi kami ng inyong pang-unawa. Nagkakaroon po tayo ng problema sa system at ito ay amin na pong inaayos."

Ito ang mapagkumbabang apology na binanggit ni Dasmariñas Water District General Manager Engr. Jovez Artiaga sa nararanasang problema sa pababayad ng water bills ng mga customer ng kompanya.

Ayon kay Engr. Artiaga, binago ang system sa collection para maiwasan na baka ang bayarin, bills at iba pang business transactions ay pumasok sa account ng Prime Water – na dating concessionaire ng DWD.

Ipinapaayos na nila ang system sa kinuha nil ana IT expert, sabi ni Artiaga na habang hindi pa ito naaayos, pansamantala, mga tao sa opisina ng DWD ang nangongolekta at nagreresibo.



Dist. Gen. Manager Engr. Artiaga

Patuloy na rin ang ginagawang rehabilitation sa mga pasilidad ng DWD upang mapabuti ang serbisyo ng supply ng tubig.

Noon daw kasing nasa Prime Water pa ang management, hindi sila gaanong makakilos, at umaasa si Engr. Artiaga na sa susunod na mga araw, maaayos na ang collection, billing at ang steady water supply ng DWD.

May nagpaparamdam na sa mga nais tumakbong kandidato sa nalalapit na Barangay Sanggunian Kabataan (BSK) elections.

Sabi nga, iba na ang maagap na, masipag pa.

Sa Dasmarinas City, pinag-iisipan pa ni dating Kapitana, ngayon ay Kagawad Mary Ann Castor kung siya ba ay tatakbo o kung hahayaan ang pamumuno kay Kapitan Nilo Teves.

Siyempre ang basehan ay ang performance ng kasalukuyan at dating mga namumuno: kung napantayan ba o nahigitan ng nakaupong Kapitan ang pinalitang pamumuno sa barangay.

Sa Brgy.Paliparan 3 , balita natin, naghahanda na sa kanyang pagbabalik si dating Kapitan Ely Guimbaolibot.

Magandang labanan nila ito ng kasalukuyang nakaupo, si Kap Cris Maya – at ngayon pa lamang marami na ang nagbibigay ng kanilang opinion sa accomplishment ni Kap Ely kumpara sa ginagawa ngayon ni Kap. Cris.

Manalo ang mas magaling!

Anytime, lalayas diplomacy team ng Chinese Embassy

"As a team, we stay or leave, together." ("Bilang isang team, sabay-sabay kaming mananatili o aalis.")

Ito ang mariing sagot ng buong diplomacy team ng Chinese Embassy sa Pilipinas kasunod ng banta ni Senate President Tito Sotto na pinag-iisipan na ideklarang persona non grata si Ambassador Jing Quan.

Kasunod ito ng privilege speech si Sen. Erwin Tulfo na kinastigo at pinalalayas niya ang Chinese Embassy sa bintang na walang respeto sa mga opisyal ng gobyerno ng Pilipinas.

Sa opisyal na pahayag ng embahada,sinabi ni Ji Lingpeng hindi na kailangang palalimin pa ang isyu.

"I think there is no need to go through such trouble. They could simply declare Ambassador Jing Quan 'persona non grata'- that would be the most straightforward approach."

("Sa tingin ko, hindi na kailangang dumaan pa sa ganitong kahabang proseso. Maaari na lang nilang ideklarang 'persona non grata' si Ambassador Jing Quaniyan na ang pinakasimpleng paraan.")

Ayon sa embahada, si Jing Quan bilang embahador ay may pananagutan sa lahat ng salita at kilos ng Chinese Embassy.

Mayroon nang 29 taong karanasan ni Jing Quan sa diplomasya, -23 taon dito ay ginugol sa mahihirap na yugto ng ugnayang China-US, kabilang ang trade wars, sanctions, pagsasara ng konsulado, at pagpapalayas ng mga diplomat.

"Throughout all of this, Ambassador Jing never blinked his eyes, steadfastly defending China's interests and dignity because this is the duty and responsibility of a diplomat."

("Sa kabila ng lahat ng ito, hindi kailanman umatras si Ambassador Jing-matatag niyang ipinagtanggol ang interes at dignidad ng China dahil ito ang tungkulin at responsibilidad ng isang diplomat.")

Sinabi pa ng embahada na iisa lamang ang may kapangyarihang magpaalis sa Chinese Ambassador sa Pilipinas.

"In the Philippines, there is but one person who has the authority to ask Ambassador Jing to leave, and that is President Marcos." ("Sa Pilipinas, iisa lamang ang may kapangyarihang mag-utos na umalis ang Ambassador-at iyon ay ang Pangulong Marcos.")

Kung makatanggap sila ng pormal na abiso mula kay Pangulong Marcos Jr., agad sila na susunod-ngunit aalis nang may "buong dangal at karangalan."

Sa gitna ng umiinit na diskursong diplomatiko, malinaw ang mensahe ng Chinese Embassy: handa silang manatili o umalis-at kahit pa magsara ang embahada ay hindi nila itinuturing na hadlang sa pagtatanggol sa kanilang bansa at paninindigan.

Samantala, literal na sinabihan ni dating National Security Adviser Prof. Clarita Carlos si Sotto na isarado ang bibig nito.

"Shut up!" sabi ni Carlos na pinaalalahanan na masyadong maselang usapin ang diplomasya at hindi bastabasta magmumungkahi si Sotto na magdeklara na persona non grata ang isang opisyal ng dayuhang embahada sa Pilipinas.

Nag-ugat ang palitan nang maanghang na salita nang kutyain, gawing karikatura ng katatawanan ni Philippine Coast Guard spokesperson Commodore Jay Tarriela si Chinese Pres. Xi Jingping.

Sa maraming pagkakataon, binabanatan ni Tarriela ang China sa pang-aagaw ng malaking bahagi ng West Philippine Sea sa teritoryo ng South China Sea.

Ito naman ay mahigpit na pinabubulaanan ng China.

tained several injuries while performing his official duties in the lawful conduct of police operation.

Sa kabila ng pagsisikap ng mga doktor at mga nars at iba pang medical personnel, si Corporal Vizmanos ay hinugot ang huli niyang hininga, gayunman, nakapag-iwan siya ng mahirap mapantayang tapang at katatagan sa harap ng panganib at ng kamatayan.

Sir Ryan served the Philippine National Police for nearly ten (10) years and he was widely recognized for his dedication, professionalism and commitment to maintaining peace and order.

In a statement, the Cavite Police Provincial Office (CPPO) led by Colonel Ariel R. Red said: " We mourn the loss of a gallant police officer who dedicated his life to the service of the people.

Kami po sa BantayBalita ay sumasaludo sa inyong kagitingan at katapatan sa tungkulin, Sir Ryan.

Your courage, integrity, and devotion to service will remain a lasting reminder of what true heroism means.

The wheel of development

Development, as a concept, is a very important notion for every aspect of the lives of man. To achieve development, changes that cause growth for him and his welfare must occur. Without change and growth, there will be no development for someone or for something.

Many authorities from the field of development suggest that in the center of development must be man.

The quotation from the International Institute of Rural Reconstruction (IIRR) which I encountered during my personal visit in their office, is very much related to this phenomenon, and I quote: "Education is the key to human development, and in turn, the key to all other developments."

It implies that daily, man should update his knowledge system, upgrade his skills, and develop a positive or favorable attitude toward education, for the betterment of his quality of life — the ultimate goal of development endeavors. In my classes for the Bachelor of Science in Development Management students at the College of Economics, Management and Development Studies in Cavite State University, I see to it that this notion has been properly discussed.

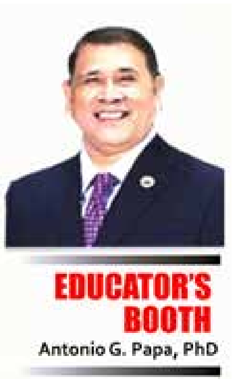
To suffice my explanation on the topic, I drew a wheel of a cart showing its major parts and I connected this to the quotation from the IIRR.

In the outer circle of the wheel rests the word "education," since it is the key to human development.

Man, the subject of most of the development efforts, is placed at the center of the inner circle because, accordingly, man is the center of development.

In the drawing, eight double lines connect the outer and inner circles of the wheel.

And, I label in between each of the eight double lines as follows: economic, social, cultural, moral, spiritual, political,



physical and technological.

The figure, dubbed as the "wheel of development" depicts the connections of the various aspects of man's life and his development, basically through the educational system — whether formal, non-formal or informal in nature.

The various aspects of man's holistic development in the micro-level is discussed as follows:

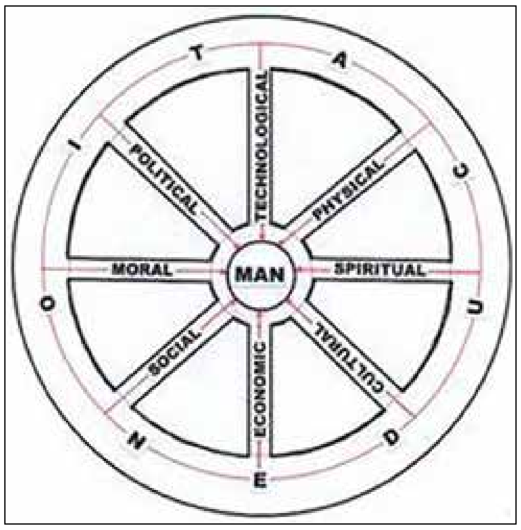
Economic development. Man must prosper in everything that he pursues in life for him to avoid subsistence production. He must have surplus of his produce so that his proceeds could be used for other purposes, aside from sustaining his families' basic needs.

Social development. Once economically self-sufficient, man could already engage in the other activities of the community, thus, he could contribute for the improvement of his neighborhood.

Cultural development. Further development in life, allows man to divert his efforts in participation in the cultural activities in the community where he belongs.

Moral and spiritual development. These two aspects in the life of man are sometimes being neglected.

Man, as busy as he is in achieving the material needs in life, he seemingly forgets morality and spirituality as an obligation to carry out all ventures of his life. But it should not be the case, the contact between man and his Creator must be personally and continuously pursued for the betterment of his life. Likewise, morality must be religiously applied in all his endeavors in life.



Wheel of development

Political development. A successful individual who is already capable of spending his resources now succumb to enter local politics and lead his fellowmen in the governance of their community affairs.

Physical development must be maintained by man in his life.

Man should be aware of the state of his health to perform the magnanimous responsibilities in the real world of work.

The state of being healthy — physically, psychologically, and mentally, will contribute to the productivity of man.

Technological development is needed to produce more resources for economic purposes. Technologies and innovations are necessary to all of man's endeavors for the sake of production, thus, alleviate his quality of life.

The wheel of development shows a paradigm of the holistic view of how education can improve mankind.

That is through continuous updating of his knowledge system, developing a positive or favorable attitude towards all aspects of his life, and upgrading of his skills.

At the end of the day, the resultant effect will be changes and transformations in various aspects of man for the betterment of his and his family's quality of life, thus, the attainment of development.
