DOST-NCR Opens 2026 Regional Science, Technology, and Innovation Week in Valenzuela City

The Department of Science and Technology-National Capital Region (DOST-NCR), in partnership with the City Government of Valenzuela, officially opened the 2026

Regional Science, Technology, and Innovation Week (RTIW) in the National Capital Region on August 17, 2026, highlighting the role of science, technology, and innovation (STI) in

creating safer, more resilient, sustainable, and people-centered communities.

Carrying the theme, "Safer, Smarter, Stronger: Advancing Resilient Communities Through Science, Technology, and Innovation," the event aims to address the needs of communities, local governments, businesses, academia, and

industry in showcasing the three-day celebration of science, technology, and innovation. The event is a platform for showcasing the latest in science, technology, and innovation, and for promoting the use of science, technology, and innovation in various sectors.

innovations.

In his opening message, DOST Secretary Renato U. Solidum, Jr. emphasized the importance of science, technology, and innovation in creating a safer, better, and more resilient future through science-based solutions.

Among the key initiatives highlighted during the opening was the signing of a Memorandum of Understanding between DOST-NCR and the Department of Human Settlements and Urban Development-National Capital Region (DHSU-NCR) for the Urban and Sustainable Communities Program, which aims to support local governments in adopting science- and technology-based approaches to sustainable urban development.

The City Government of Valenzuela has formally adopted DOST-NCR's Science, Technology, and Innovation (STI) Strategy, which aims to promote the use of science, technology, and innovation in various sectors, including urban development, disaster risk reduction, and environmental protection.

The virtue called patience

EDUCATOR'S BOOTH

By Antonio S. Papa, PhD

Accordingly, "Success requires patience, persistence, and hard work." And of course, with the help from the Almighty God throughout.

The continuation of the transcript of an article titled "On having patience and playing" written by former Robert Aguirre, 3rd Minister of the Gospel and published online (<https://www.papagroup.com/play-having-patience-and-playing/>) will be posted this time and is hereby quoted.

Patience in praying

The virtue of patience in praying has been emphasized by VHC Executive Member Brother Eduardo V. Mapa in the talks he rendered for the global Church Of Christ in recent videoconferencing.

Indeed, without the assistance of someone that minister to the soul all the things that may cause frustration, they need to believe in the value and efficacy of praying to him. But there are those who,

when their prayers to God are not answered, feel deep anguish and disappointment. This state seems to lose their trust and hope in God.

"I call to you, O God, but you never answer, and when I pray, you pay no attention. ... May all the wind blow the waves you have made in a raging storm. ... I looked for happiness and light, but trouble and darkness have instead. I am disappointed by you and ask, have you not other way of helping?" (Job 30:20, 23, 25-27 Good News Bible)

Indeed, it is frustrating for people to receive their call from God in their own life, but it is right to seek a group or fellowship against our Almighty God when prayers to Him are unanswered. It is the best place, who has the privilege to approach and pray to God and to our Lord Jesus Christ.

The privilege of God's people

"Being loved by God is a privilege that He gives to His people. This privilege is not something anyone can earn for himself because of the works he does. It is based on God's calling of sinners. They will call on His name, and I will answer them and say, 'This is My people.' And when we witness, 'The Lord is my God' (Psalm 133:12).

The Holy Scriptures prove that one must first believe in God's chosen people so that he may

to him will not be rejected. In the Church era, the people given to the Lord Jesus Christ as the chosen ones have been given the right and privilege to witness and pray to Him and to God. Christ confirms:

"You did not choose me, but I chose you and appointed you that you should go and bear fruit, and that you're your fruit should remain. That whenever you ask the Father in my name, He may give you" (John 15:16, 16:26).

"Our Lutheran Church, which has chosen to be a church joined to the world. The view of God was referring to it is His word. Placed in the relationship of the heart of the body, the word being referred to is our Lord Jesus Christ (John 15:22 Col. 1:18). This is the Church Of Christ which He has redeemed with His blood.

Take heart therefore to persevere and to all the work done which the Holy

Spirit has appointed you, overcomers, to feed the church of Christ which He has purchased with His blood" (Acts 20:28 Luther Translation).

Therefore, being the members that are joined to the one who is Christ, the members of the Church Of Christ have received great blessings. Through their calling and election, they have been given the privilege to witness and pray to God, but they need to be patient when praying for their needs.

The value of obedience

"Obedience is simply what it is."

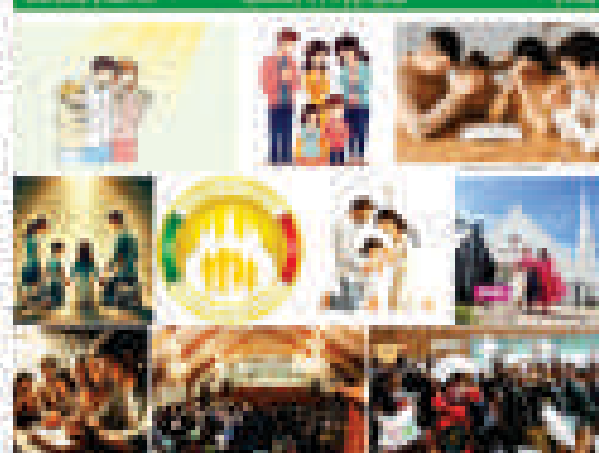

It is a commandment to the reason: those turn for the work in their life. The proper reward of those that the people of Israel were cursed by God and created up in a wicked generation when they became stubborn and refused to obey His commands (Jer. 7:24-28, 29).

Heartfelt Congratulations!

Our warmest congratulations to Vice Chancellor, Rossana Marie C. Amongo for being honored as an Inspiring Filipino Engineer 2025 by the Institute of Agricultural and Biosystems Engineering (IABE), the Technological Council-Philippine Women Engineers Network last August 1st 2025.

Professor Amongo is also considered as one of the 18 pillars of the University of the Philippines Los Baños Gender Center during its 18th Anniversary Celebrations last July 2025.

Your dedication, diligence, and leadership continue to uplift the engineering community and inspire generations of Filipinas for pursue

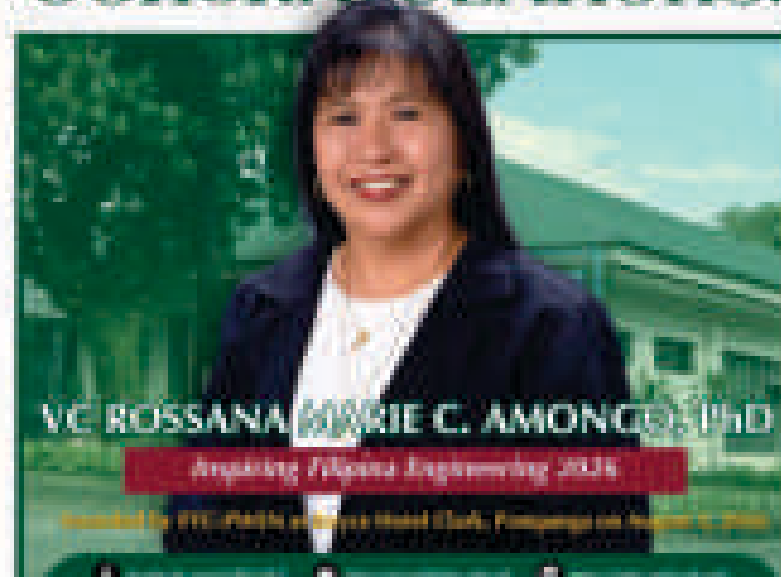

excellence in science and technology. Truly, your achievement is a beacon of inspiration.

May you continue to inspire future generations of engineers, especially Filipino Engineers, to lead with excellence, integrity and purpose.

Malasakit po kayo, Vice Chancellor Engr. Amongo

CONGRATULATIONS!
